Employee Computer Purchase Program
Computer Self Provider Program

DEPARTMENT PURCHASES HOW TO ORDER		
<p>As the County moves forward with this program, Department can purchase CCPP standard PC equipment under \$100,000 through the CCPP agreement vendor, without the involvement of the Purchasing Agent. Departments purchasing CCPP standard PC equipment under \$100,000 must comply with all requirements stated on Purchase Standard No. 1003 (3/03) – Department Instruction for Agreement or Vendor Specified Blank Purchase Orders. Failure to comply with the Purchase Standards may result in the cancellation of department’s delegated authority to make purchases against these Agreements and/or the cancellation of your Blanket Purchase Orders.</p> <p>All purchase requests for CCPP standard PC equipment that equal \$100,000 or more, must be submitted via an electronic requisition to ISD/Purchasing for processing as a separate direct Purchase Order. Upon receipt of a properly prepared requisition by the Purchasing Agent, the requisition will normally be processed and completed within thirty (30) calendar days.</p> <p>Requests for information on how to complete a CCPP order requisition or other purchasing-related questions should be directed to Jenny Amnuayphon at 323-267-2468/e-mail: jamnuayphon@isd.lacounty.gov</p>		
Employee Computer Purchase Program Inquiries:		
<p>Should you have questions related to buying from the ECPP program vendors or employee purchasing-related questions, please contact:</p>
